

1. Group Number: 49
2. Group Members: Joey Lee 300238813, Hairuo Liu 300124402, Roy Rui 300176548
3. Link to the GitHub repository:
<https://github.com/SEG3125-A/Group49/tree/main/Lab3>
4. Each Members Contribution:
Joey Lee: Tab menu
Hairuo Liu: Categories and side bar, price range
Roy Rui: Adding Product Pictures, Product Grid Views, and buttons
5. Snapshots of the website created:

The screenshot displays the 'uOttawa Groceries Market' website. At the top, there is a navigation bar with 'Preference', 'Product', and 'Cart' tabs. Below this, the 'Client Information' section prompts users to 'Tell us a bit about you.' It includes a 'Choose a Category' dropdown menu set to 'All', a 'Choose your preference' dropdown menu set to 'None', and a 'Price Range' section with 'Minimum Price' and 'Maximum Price' input fields set to 0 and 100 respectively. A slider bar is visible below the price range inputs. A red 'Filter Your Results' button is located at the bottom of the filter section. The footer of the page states 'Site created by Joey Lee, Hairuo Liu and Roy Rui.'
